PROFESSIONAL EXPERIENCE

Data Analyst (Hybrid) | Eldomes Tech Ltd | 2023–Present

- Create analytical reports, dashboards, and data visualizations using Python, Tableau, Excel, Power BI, and SQL.
- Interpret data to identify patterns, insights, and key performance indicators (KPIs) for tracking business performance.
- Develop and organize metrics that support performance monitoring and evidence-based decision-making.
- Review datasets for accuracy, consistency, and completeness before analysis and reporting.
- Translate analytical findings into clear reports and visual outputs that support understanding of business information.

Administrative Assistant | Eldomes Tech Ltd | 2022–2023

- Supported staff with document-related requests, information retrieval, and routine administrative coordination while maintaining attention to detail.
- Prepared and updated reports, correspondence, spreadsheets, and other administrative documents using Microsoft Office tools.
- Maintained organized electronic and physical filing systems and supported document tracking and records management.
- Performed data entry and document verification, checking information for completeness, consistency, and accuracy before filing or submission.

- Processed, reviewed, formatted, and organized business documents and digital records for easy retrieval and efficient workflow.
- Provided administrative support for day-to-day office operations, ensuring documents, records, and routine administrative tasks were organized and completed accurately.

ICT Intern (NYSC Corps Member) | ICT Directorate, Technical Aid Corps, Foreign Affairs, Abuja | 2022

- Provided technical support to staff members and assisted with day-to-day ICT-related activities.
- Participated in the development and execution of ICT projects, supporting structured problem solving and project activities.
- Contributed to documentation and reporting of ICT activities and project work.
- Worked with staff and project stakeholders to support effective delivery of ICT-related tasks.

Manager | Ossyvic Company Limited, Abuja | 2019–2021

- Oversaw daily business operations including inventory management, sales, customer service, and staff coordination.
- Analyzed business operations and identified opportunities for expansion and growth, contributing to the opening of a new branch.
- Managed budgeting, accounting, and financial reporting activities for the business.
- Developed marketing strategies to promote products and improve sales performance.
- Managed employees through guidance, training, and performance evaluation.
- Maintained supplier relationships, negotiated contracts, and monitored timely delivery of goods.
